

mini-critters

care sheet

size

13-17 in, 1.5-4.5 lbs

lifespan

5-10 years

active times

Dusk and Dawn

diet

Ferret Pellets or high quality kitten food

exercise

At a minimum, ferrets need at least 2 hours every day outside their cage to remain healthy. Ferrets are smart and energetic, so research some new ways to keep your ferret occupied and have fun!

maintenance

Ferrets need a litter box, they will choose a corner anyways, so put a box there! Any accidents that happen outside the box need to be spot cleaned daily, clean the cage and toys and switch out their bedding weekly.
