

mini-critters

care sheet

size

9 to 11 inches

lifespan

2-3 years

active times

Night

diet

Rat Pellets, Many different foods can be used for treats, avoid moldy or unripe foods, peels, and chocolate.

exercise

Rats need at least 30 mins of time outside of their cage daily. Give them chewing toys to file down their teeth as they are constantly growing.

maintenance

Spot clean daily, change bedding and wash the cage and toys weekly. Pet rats are extremely diligent about cleaning themselves, so grooming is not needed.
