

# mini-critters

## care sheet

### size

up to 2 lbs

### lifespan

5-7 years

### active times

Dawn and Dusk

### diet

Guinea Pig pellets (1/8 cup daily), Timothy hay, fruits/veggies with vitamin C such as kale or oranges (half a handful daily is enough)

### exercise

Allow your pig to explore and play outside of their cage for a couple of hours every day for exercise. Chewing toys are essential, it helps them wear down their teeth which grow continuously.

### maintenance

Spot clean the cage daily (pick up droppings and stale food)

Clean entire cage weekly by taking out all bedding, clean with soap and water, and replace with new bedding.

Brush pig regularly to remove loose hair.
